Dead Weight E.C. Tubb 2014-01-30 Sam Falkirk, Captain of the World Police and stationed at the World Council building in New York, has a special interest in investigating the sudden and inexplicable death of Angelo Augustine, the brother of his girl friend. A messenger employed by the Council, Augustine was also a spy in the pay of Senator Rayburn, a fanatical Nationalist who is fighting both to retain his power and to destroy the Orient before they, as he believes, turn against the Occident. Augustine had died while delivering a parcel containing a statue of a Buddha for an employee of Senator Sucamari of the Japanese Legation, and who, in his own way, is as fanatical as Rayburn himself. Sucamari wants to gain living room for the teeming millions of the Orient, and his secret plan involves the releasing of a deadly bacterial plague across the Americas. The bacteria is contained in a special coating on the

Buddha statue, but when the statue is stolen by a petty criminal, millions of people hover on the brink of agonizing death, unless Falkirk can find the criminal in time . . .

The Four Tendencies Gretchen Rubin 2017-09-12 In this groundbreaking analysis of personality type, bestselling author of Better Than Before and The Happiness Project Gretchen Rubin reveals the one simple question that will transform what you do at home, at work, and in life. During her multibook investigation into understanding human nature, Gretchen Rubin realized that by asking the seemingly dry question "How do I respond to expectations?" we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: Upholders, Questioners, Obligers, and Rebels. Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. More than 600,000 people have taken her online quiz, and managers, doctors, teachers, spouses, and parents already use the framework to help people make significant, lasting change. The Four Tendencies hold practical answers if you've ever thought: • People can rely on me, but I can't rely on myself. • How can I help someone to

follow good advice? • People say I ask too many questions. • How do I work with someone who refuses to do what I ask—or who keeps telling me what to do? With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative. It's far easier to succeed when you know what works for you.
