Blueprint for Reconstruction Vincent Frank Bedogne 2010-04-14 Inspired by a vision of soaring towers, high-speed transit cars, pristine skies, and blossoming gardens, we move beyond today's automobile-based urban model and embrace a design where the freedom of the individual is paramount and the human energy that defines city life flows unimpeded within an urban matrix engineered to allow for its highest expression. Author Vincent Frank Bedogne drafts a blueprint for what humanity's Evolution of Consciousness and adoption of Economics of Fulfillment make it possible to achieve-perfection of life on earth. We draw a plan for reconstruction of the earth's urban and ecological infrastructure: the city of tomorrow, the countryside of tomorrow, how we will get around and communicate. We embrace a new environmentalism, explore future sources of energy, reveal the solution to humanity's present energy crisis, and look at how we will build to withstand the climatic rigors imposed by a biosphere in evolution.

Robert Collier Copywriting Course - Masters of Marketing Secrets: Learn to Write Sales Letters That Pay Robert Collier 2014-04-13 WHAT is there about some letters that makes them so much more effective than others? A letter may have perfect diction, a finished style; it may bristle with attention-getters and interest-arousers; it may follow every known rule; yet when it reaches where the reader sits and decides its fate, it may find itself in a wastebasket, while something lacking any polish, picks up the bacon and walks home with it. Why? People will give, when you have stirred their emotions. People will invest, when you have aroused their cupidity. And people want to know the future, so if you can persuade them that you are any sort of Prophet, they will buy your forecasting. It all comes back to the point we made in the beginning-"What do they want?" What is the bait that will attract your fish and make them bite? Find that-and you will be as successful in bringing back orders as any angler can be with a properly baited hook in bringing in the fish. Get your copy today and learn the Masters of Marketing Secrets!
