Building Construction Related to the Fire Service

Ifsta 2012-12-01 This textbook matches the course outline and objectives identified by the National Fire Academy's Fire and Emergency Services Higher Education (FESHE) committee for the Building Construction for Fire Protection core course. This new 3rd edition provides the reader with basic instruction about how buildings are designed and constructed and how this relates to emergency

operations. In addition to basic construction principles, a new emphasis is placed on firefighter safety, newer types of construction that may be difficult to identify, and green construction principles. This edition is illustrated with new drawings and photos, case histories that emphasize real-life safety principles, key terms, and review questions. Fire inspectors, preincident planners, fireground commanders, investigators, and firefighters will all find useful and valuable information in this new edition.

Burn Patterns Ron Elliott 2016-06-01 To her clients and colleagues, Iris is a therapist in a city psychology practice. But to the police and fire services, she is the Fire Lady &— a profiler of arsonists. After a troubled young man burns down her office, Iris just wants a quiet life. But her peace is shattered when a bomb goes off at a local school. Called in to help, Iris meets James, delusional and dangerous, and Chuck, a lone investigator tracking a serial arsonist he calls Zorro. As public attacks become more orchestrated and brazen, Iris is soon embroiled in the investigation &— as a profiler and as a suspect, and in serious doubt about her own sanity.

Fire Inspector lafc 2011-08-12 The Complete Fire Inspector I and II Training Solution! Fire inspectors need to know how to interpret and apply national and local codes and standards in the office and in the field. Fire Inspector: Principles and Practice is designed to prepare fire inspectors to ensure the highest standards of fire and life safety in their communities. The National Fire Protection Association (NFPA) and the International

Association of Fire Chiefs (IAFC) are pleased to bring you *Fire Inspector: Principles and Practice*, a modern integrated teaching and learning system for the fire inspector. This textbook meets and exceeds the job performance requirements for level I and II fire inspectors from Chapters 4 and 5 of NFPA 1031, Standard for Professional Qualifications for Fire Inspector and Plan Examiner, 2009 Edition. *Fire Inspector: Principles and Practice* is built on a solid foundation of the basics: building construction, fire growth, and types of occupancies. This fundamental knowledge is presented in a concise, understandable writing style that is easy to digest and recall. The solid foundation of fire and building knowledge then branches out to show the fire inspector how abstract concepts and codes will be concretely applied on a daily basis. This is the text that truly prepares fire inspectors for the real world.

Triumph Floyd Jordan 2012-05 Triumph is the story of my journey through the fire service and has been a dream of mine since I was promoted to the rank of fire lieutenant in 1974. Writing this story and reliving many events was painful, such as the blatant racism

and disrespect experienced on duty the day Dr. Martin Luther King was assassinated in Memphis, Tennessee; and when the firefighters union expelled all the black firefighters from membership when they refused to disband their association as members of the Black Firefighters association; and "Scrotum on the head", the worst scandal in the Miami Fire Department's history, are a few of the most important stories revealed in my book. But this story is not just about pain; it is also about the joy of triumphing over the obstacles and barriers that were endemic for trailblazing black firefighters from the mid 1960's and beyond.
