Sprawl Repair Manual Galina Tachieva 2010-09-14 There is a wealth of research and literature explaining suburban sprawl and the urgent need to retrofit suburbia. However, until now there has been no single guide that directly explains how to repair typical sprawl elements. The Sprawl Repair Manual demonstrates a step-by-step design process for the re-balancing and re-urbanization of suburbia into more sustainable, economical, energy- and resource-efficient patterns, from the region and the community to the block and the individual building. As Galina Tachieva asserts in this exceptionally useful book, sprawl repair will require a proactive and aggressive approach, focused on design, regulation and incentives.

The Sprawl Repair Manual is a much-needed, single-volume reference for fixing sprawl, incorporating changes into the regulatory system, and implementing repairs through incentives and permitting strategies. This manual specifies the expertise that's needed and details the techniques and algorithms of sprawl repair within the context of reducing the financial and ecological footprint of urban growth. The Sprawl Repair Manual draws on more than two decades of practical experience in the field of repairing and building communities to analyze the current pattern of sprawl development, disassemble it into its elemental components, and present a process for transforming them into human-scale, sustainable elements. The techniques are illustrated both two- and three-dimensionally, providing users with clear methodologies for the sprawl repair interventions, some of which are radical, but all of which will produce positive results.

Period Repair Manual Lara Briden 2017-09-14 Period Repair Manual is your guide to better periods using natural treatments such as diet, nutritional supplements, herbal medicine, and natural hormones. It contains advice and tips for women of every age and situation. If you have a period (or want a period), then this book is for you. Hormone Repair Manual Lara Briden 2021-02-23 'The book my patients have been waiting for.' Dr Peta Wright, gynaecologist and women's health advocate The Hormone Repair

Manual is a must-have guide to understanding and overcoming the symptoms of perimenopause and menopause. Naturopath Lara Briden, author of the international bestseller *Period Repair Manual*, has more than 20 years' experience in women's health. Her fresh approach aims to overturn the stigma of perimenopause and menopause and show women that: - many symptoms are temporary and manageable - emotional challenges can present an opportunity to thrive - a focus on health during this period can bring benefits for years to come. Addressing common symptoms such as hot flushes, insomnia, mood changes, migraines, weight gain, low libido and heavy periods, Lara offers practical solutions of diet, lifestyle, nutritional supplements and tips for how to speak to your doctor about hormone therapy. The *Hormone Repair Manual* is backed by evidence-based research and case studies and is a reassuring guide to soothing, nourishing and strengthening your body, mind and spirit during this time of change.

PRAISE FOR HORMONE REPAIR MANUAL

'This lively, clear and supportive book provides positive and helpful information that many women need as they approach perimenopause and beyond.' Jerilynn C.
