Radical Sabbatical Glen Tibaldeo 2013-05-01 Two cubicle convicts. One jungle village. A life without boundaries. In this real-life comedic memoir, Laura Berger and Glen Tibaldeo expose the blessings and ironic struggles of ditching their cut-throat corporate jobs for life in a tranquil jungle paradise. Following the spirit and encouragement of friends met on a desperately needed vacation two years earlier, they leave their Chicago home with eleven suitcases, two laptops, and two cats to land in Pair-o-Dice Village, the scene of their big life gamble. Surprisingly intense life changes immediately prompt a slew of rarely contemplated questions. Could you: Completely change your sources of happiness? Let a boa constrictor loose in your house to get rid of the bats? Drink mystery potions from a shaman? Brave cliff sides when you're deathly afraid of heights? Make friends with your pesky inner voice at all costs? Join a journey of laughter as Laura and Glen pick apart the foibles in all of us. Find yourself rooting for a couple in a life adventure, at the brink of losing everything they have to get everything they've ever wanted. From random wildlife dropping from the sky and battles with vipers to culture clashes and visits with shamans, Radical Sabbatical captures the thrills and realities of boldly following a dream in a story any thrill-seeker-armchair or roaming-will love.

Popular Science 1970-05 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The Summer of No Regrets Katherine Grace Bond 2012-05-01 This was the summer that would change my life. No more being what everyone expected. No more doing what everyone else wanted. So when Luke came into my life, I decided to keep him a secret. Maybe he as a dead-ringer for notorious Hollywood bad boy Trent Yves. And it was possible that everything he told me was a lie. And yes, I was probably asking for trouble. But all I saw was Luke—sweet,

funny, caring—someone who would let me be the real me. But which was the real him?

The Haunting of Hill House Shirley Jackson 2009-10-01 The best-known of Shirley Jackson's novels and a major inspiration for writers like Neil Gaiman and Stephen King as well as the hit Netflix series, *The Haunting of Hill House* is a chilling story of the power of fear 'Shirley Jackson's stories are among the most terrifying ever written' Donna Tartt *Alone in the World*, Eleanor is delighted to take up Dr Montague's invitation to spend a summer in the mysterious Hill House. Joining them are Theodora, an artistic 'sensitive', and Luke, heir to the house. But what begins as a light-hearted experiment is swiftly proven to be a trip into their darkest nightmares, and an investigation that one of their number may not survive. Twice filmed as *The Haunting*, and the inspiration for a 10-part Netflix series, *The Haunting of Hill House* is a powerful work of slow-burning psychological horror. 'An amazing writer ... If you haven't read her you have missed out on something marvellous' Neil Gaiman 'As nearly perfect a haunted-house tale as I have ever read' Stephen King 'The world of Shirley Jackson is eerie and unforgettable' A. M. Homes 'Shirley Jackson is one of those highly idiosyncratic, inimitable writers...whose work exerts an enduring spell' Joyce Carol Oates

The Complete Guide to Building Affordable Earth-Sheltered Homes Robert McConkey 2011 The home, an essential part of the American dream, has been beset by troubles since the beginning of the Great Recession in 2007. Whether from an unstable housing economy, ever-rising energy costs, or the environmental ruin of urban sprawl, the origin and variety of these assaults can be bewildering. Surprisingly, some of the answers to many of these modern-day troubles lie in some of humanity's most ancient building techniques. Earth-sheltered building has existed since the heyday of Skara Brae in Scotland 5,000 years ago, and is used today by people around the world, from the Yaodong of northwest China to the subterranean residents of Coober Pedy, Australia, and even to converted missile silos in America. If you have ever looked at your power bill in stunned disbelief, if you are interested in green building techniques, or if you want your home to stand out (or hide out), then this book is for you. Contrary to popular misconceptions of being cramped, dark, or dank domiciles, earth-sheltered homes come in a number of different styles, incorporating brilliant techniques designed to bring light and air into the home. With *The Complete Guide to Building Affordable Earth-Sheltered Homes*, you will learn about the many different types of earth-sheltered homes and their various advantages, including a life span that can be two to three times longer than that of conventional housing, inexpensive building materials, and reduced maintenance costs. Additionally, the energy costs of an earth-sheltered home can be as much as 80 percent lower than a conventional home's power costs. The book will also examine the different environmental factors that you need to consider when selecting which style to build and how to begin, and carry out, your building process. Some of the factors discussed include the different types of soil and how to adjust to them, the level of precipitation and how to manage runoff, and how to maximize use of natural light sources. Construction experts and earth-sheltered homebuilders have been interviewed and their expertise is included in this guide to help you learn how you can create your own underground home. Details of construction methods are found throughout the book, including tips and advice for planning, excavation, flooring, walls, framing, waterproofing, roofing, drainage, and insulation. You will also learn how to pour your own footings and floor, how to dry stack concrete block walls, how to use post and beam framing, and how to waterproof the membranes. With the information provided in this book, you can start planning and building your own earth-sheltered home in no time so that you, too, can benefit from the natural protection of the earth. If earth-sheltered building is good enough for Bill Gates's \$136 million mansion, then it just might be good enough for you too.

The Merchant of Venice William Shakespeare 2003-04-28 *The New Cambridge Shakespeare* appeals to students worldwide for its up-to-date scholarship and emphasis on performance. The series features line-by-line commentaries and textual notes on the plays and poems. Introductions are regularly refreshed with accounts of new critical, stage and screen interpretations. This second edition of *The Merchant of Venice* retains the text and Introduction prepared by M. M. Mahood and features a new introductory section by Charles Edelman. Where Mahood focuses in her Introduction on the expectations of the play's first audience and on our modern experience of seeing and hearing the drama performed, Edelman explores the play's sexual politics. He also foregrounds recent scholarship on the position of Jews in Shakespeare's time and surveys the international scope and diversity of theatrical interpretations of the text in the 1980s and 1990s. He pays particular attention to the ways in which directors and actors tackle the troubling figure of Shylock.

[Good Housekeeping](#) 1888

[Sophie's World](#) Jostein Gaarder 2010-07-15 The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a

mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

Home Sweet Hole, Bonus Edition 2014-11-25 "In a hole in the ground there lived a Hobbit..." but Hobbits aren't the only ones with down-to-earth dreams. This folio of "feasible fantasy" floor plans gives you a fun-loving peek inside a dozen earth-sheltered dwellings in an imaginary borough of burrows--all drawn to scale as if the builder, himself, were offering an open house tour. Now with a bonus design!

Be a Hobbit, Save the Earth: Steve Bivans 2015-02-16 Do the crises in our world worry you? The pollution, the violence, the corruption, the apathy? Have you ever wished you could escape? Step through a mirror directly into Middle Earth? Steve Bivans, in his book, Be a Hobbit, Save the Earth, argues that we are already there. He examines the problems facing mankind and our planet today through the lens of Tolkien's world and the War of the Ring. The similarities are all around you, and the struggle is indeed very real. Middle Earth faced destruction at the hands of Sauron and Saruman; our world is under attack from the metaphorical Two Towers: Ignorance & Fear, and Poverty & Greed. Saruman-ic, Corporate Capitalism threatens to control and poison our agriculture, education systems, governments, and our common property--both real and cultural. Worst of all, our sense of humanity and hospitality is being sapped and despoiled. If left to continue unabated, the modern Saurons and Sarumans will devour the basic resources essential to our survival: the water, soil, and the very air we breathe. Our world has lost its 'Shireness.' Be a Hobbit, Save the Earth is a guide to bringing our 'Shireness' back, from the bottom up: one Hobbit, one home, and one Shire at a time. Steve Bivans draws positive lessons from Tolkien's works as a metaphorical map, a guide for reconnecting communities, and rebuilding them into sustainable, modern Shires. While our modern challenges seem complicated, nearly impossible, the solutions are really quite simple. The first step on that journey is a change of mind, a transformation from Modern Humans into Modern Hobbits. Only with this new way of thinking can we begin to clean up our scoured Shires: the damage done to our food supply, to our environment, to our communities, and to our political systems. Will that be easy? No, it will not. After all, realizing that the One Ring must be destroyed, was a simple concept, one that even a rustic Hobbit like Frodo Baggins could understand. Carrying it all the way to Mordor to accomplish the mission was another matter, so was cleaning up the Shire when he and his companions returned home. Such it is for us. The situation for our planet is dire; Mordor is at the door and the Black Riders are burning our Shires. What will YOU do? Will you destroy the Ring? Or will you hang on to your 'precioussss'? Do you have to move 'to the country' and live in a hole in the ground? Absolutely not. Moving isn't necessary. Instead, we need to bring Nature into our minds, and into those spaces we call home. We must change our story. We need to remember that we are PART of Nature, not Nature's masters. We need to return to harmony with Nature and with each other, to become what humans were destined to be, builders of gardens and Shires, as Hobbits, not Masters over creatures great and small. You can be a Hobbit, anywhere. Even in a condo in the middle of a city! So buy the book, read it, tell everyone you know about it, then Be a Hobbit, and Save the Earth!

Indianapolis Monthly 2001-12 Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

My Antonia Willa Cather 2018-10-08 My Antonia is a novel by an American writer Willa Cather. It is the final book of the "prairie trilogy" of novels, preceded by O Pioneers! and The Song of the Lark. The novel tells the stories of an orphaned boy from Virginia, Jim Burden, and Antonia Shimerda, the daughter of

Bohemian immigrants. They are both became pioneers and settled in Nebraska in the end of the 19th century. The first year in the very new place leaves strong impressions in both children, affecting them lifelong. The narrator and the main character of the novel My Antonia, Jim grows up in Black Hawk, Nebraska from age 10 Eventually, he becomes a successful lawyer and moves to New York City.

Home Sweet Hole 2013-03-19 "In a hole in the ground there lived a Hobbit..." but Hobbits aren't the only ones with down-to-earth dreams. This folio of "feasible fantasy" floor plans gives you a fun-loving peek inside a dozen earth-bermed dwellings in an imaginary borough of burrows--all drawn to scale as if the builder, himself, were offering an open house tour. Please note: Though the sketches in this little book are drawn to scale, they are intended to be whimsical, NOT intended as construction drawings.

The Last Lecture Randy Pausch 2008-04-08 "We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Sweet Home Vienna Peter Pongratz 2006-10-25 Peter Pongratz's Werke der vergangen fÄ1/4nf Jahre zeigen eine bissig ironische Reaktion auf Vorlieben der österreichischen Kunstszene fÄ1/4r die internationale Konzeptkunst. Während in den 70er Jahren Ä-sterreich als verkitschte Alpenrepublik thematisiert wurde, findet nun ein bildlicher Kommentar eines „permanenten Ä“rgernisses“ an zeitgeistigen Gesellschaftsspielen innerhalb der Kunstinstitutionen Eingang in die Bildwelt. Neben den „bösen“ Stadtansichten nehmen aber auch die arkadischen Garten-Bilder der dalmatinischen Lebenswelt des KÄ1/4nstlers als bewusster Gegensatz breiten Raum ein. Ergnzt werden diese malerischen Arbeiten durch Skulpturen, die in jÄ1/4ngster Zeit in Korcula und parallel zur „Bilderwelt“ entstanden sind.

The 1960s Home Paul Evans 2011-08-20 The 1960s witnessed a sustained period of economic growth, consumer spending and stable employment. This hitherto unknown prosperity enabled a market growth in levels of owner occupation and a subsequent boom in the sale of household furnishings and luxury goods. The 1960s Home looks at the styles and fashions in domestic housing and interiors between 1960 and 1970. Although this period has received increasing attention in recent years, much of it has been concentrated on progressive and exclusive design rather than on the furniture and furnishing of the 'average' home.

The Restoration of Engravings, Drawings, Books, and Other Works on Paper Max Schweidler 2006 Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.
