Scientific American 1866

Lawn Care for Your Home Nancy Sullivan 1988 Abstract: This pamphlet, written for the

homeowner in the midwestern United States, gives the EPA safety recommendations for private lawn care. Common and trade names for pesticides and herbicides are cross referenced. Advice for selection of a lawn care service is included.

Two-Stroke Engine Repair and Maintenance Paul Dempsey 2009-12-01 Get Peak Performance from Two-Stroke Engines Do you spend more time trying to start your weed trimmer than you do enjoying your backyard? With this how-to guide, you can win the battle with the temperamental two-stroke engine. Written by long-time mechanic and bestselling author Paul Dempsey, Two-Stroke Engine Repair & Maintenance shows you how to fix the engines that power garden equipment, construction tools, portable pumps, mopeds, generators, trolling motors, and more. Detailed drawings, schematics, and photographs along with step-by-step instructions make it easy to get the job done quickly. Save time and money when you learn how to: Troubleshoot the engine to determine the source of the problem Repair magnetos and solid-state systems--both analog and digital ignition modules Adjust and repair float-type, diaphragm, and variable venturi carburetors Fabricate a crankcase pressure tester Fix rewind starters of all types Overhaul engines--replace crankshaft seals, main bearings, pistons, and rings Work with centrifugal clutches, V-belts, chains, and torque converters

The Great University Gamble Andrew McGettigan 2013-04-09 In 2010 the UK government proposed huge cuts and market-driven reforms for Universities. The proposals provoked widespread opposition in the form of street protests, occupations, and online campaigns. As the dust settles, Andrew McGettigan surveys the emerging brave new world of Higher

Education. Displaying a stunning grasp of the policy details, he looks at the long term impact of the changes, which have been obscured by the focus on tuition fee increases. What will be the role of universities within society? How will they be funded? What kind of experiences will they offer students? Written in a clear and engaging style, *The Great University Gamble* outlines the architecture of the new policy regime, which many find difficult to grasp. It is an urgent warning that our Universities are being transformed from institutions of real learning to profit-driven degree factories.
